Lab Safety: View the picture and answer the questions. Please write the answers on the FRONT of this paper. If you need more space you can use another sheet of paper.

Questions: On the FRONT of this paper or on a separate sheet of paper answer the following questions.

1. List 2 unsafe activities shown in the illustration and explain why each is unsafe.
2. List 2 correct lab procedures shown above in the illustration.
3. What should Bob do after the accident?
4. What should Sue have done to avoid an accident?
5. Compare Luke and Duke's lab techniques. Who is following the rules?
6. What are 2 things shown in the lab that should not be there?
7. Compare Joe and Carl's lab techniques. Who is doing it the correct way?
8. What will happen to Ray and Tim when the teacher catches them?
9. List 2 items in the illustration that are safety equipment.
10. What is Betty doing wrong?
